

Brief City News

PERSONAL MENTION.

W. Buckingham arrived in the city last evening from his headquarters in Tucson, and will spend a couple of days looking after his interests in this vicinity.

A. Valjean, editor of the Cananea Herald left yesterday morning for his home, after spending the preceding evening here, attending to business.

Mr. and Mrs. L. A. Engle left the city on yesterday afternoon's train for the north, going to Los Angeles, where they will spend the next few weeks visiting.

Peter Johnson, who has been in the city from his home in Douglas, looking after his extensive business interests, left yesterday morning for San Jose, California, where he will spend a few weeks on a vacation.

Will join his family there and later visit the various points in southern California.

Harry Locke, well known mining man, arrived in the city last evening and will spend a couple of days here attending to matters of business.

George Dunn arrived in the city yesterday morning from his property in the Alamos Mountains and will probably return early this week.

W. A. Wiggins, connected with the engineering corps of the Phelps-Dodge interests, operating at Sierra de Cobre, a short distance from Cananea, arrived in the city last evening for a short stay.

Deil H. Matthews left yesterday afternoon for Los Angeles, where he will spend a few weeks' vacation.

J. E. Morrison left the city yesterday afternoon for Los Angeles, where he will join his wife and they will take a trip through the Golden State, returning to the city about September 1.

H. F. Holden, superintendent of the American-Saginaw property, left last evening for Minneapolis, his former home, where he will spend several weeks' vacation.

D. J. Kelly will leave on this morning's train for San Diego, Cal., to spend his summer vacation.

Mrs. C. I. McKeown and her little son are expected home from California today.

LOWELL TO HAVE A THEATRE.
The Iris Theatre Company will open a theatre in the Brophy building, Lowell Saturday evening. See program on page 4, column 4 of this paper.

WILL RETURN TO HIS POST.
Rev. Harvey M. Shields, who was recalled to the city to officiate at the services held over the late Southard Thomas, will leave either today or tomorrow for his post at Camp Brodie in the northern portion of the territory, where the National Guard of Arizona, of which he is chaplain, is now encamped. At the time he received word concerning the death of his young parishioner he was bound for the camp on the northbound train, but secured leave of absence and returned to the city and officiated at the services yesterday.

GOES TO JOIN FAMILY.
Yesterday morning M. J. Cunningham, cashier of the Bank of Bisbee, left for California, where he will join his family and spend a couple of weeks at the various coast resorts. Returning from the coast about August 15, he will leave for the White Mountains with a number of other local sportsmen to enjoy a camping trip of about a month. The party will be composed of practically the same business men who made the famous trip to the mountains two years ago.

RAILROAD MAN VISITOR.
Traveling Freight and Passenger Agent Collins of the Chicago & Great Western railroad, who has been in the city for a couple of days, will leave on this morning's train for the northern portion of the territory to look after the interests of his road. Mr. Collins makes his headquarters in Los Angeles, and visits Bisbee three or four times a year. He said that between each of his trips there seems to be some new improvements under way, modernizing Bisbee and the surrounding towns. The project which most impressed him was the electric car line, which is now under way, and will connect all portions of the district.

SAY DEPUTY DID NOT PARTICIPATE.
Bisbee officials say they have no knowledge of any deputy sheriff of Cochise county being connected with the recent kidnapping case in Douglas. It has been reported that one of the deputies was implicated in the affair and that Sheriff Jack White would be held responsible for the act, but all knowledge of any participation in the case by a deputy is denied by local officials. A ranger and some city officials at Douglas are charged with complicity in the case, and it is said that the territorial officers are preparing to prosecute them.

OLD POME
"I shot an arrow in the air.
It fell to earth I know not where."
But I can guess where, pretty near.
My next door neighbor's lost an ear.

LOWELL TO HAVE A THEATRE.
The Iris Theatre Company will open a theatre in the Brophy building, Lowell Saturday evening. See program on page 4, column 4 of this paper.

Whenever one girl says of another, "She is such a sweet girl," you can lay odds that the other girl is as homely as sin.

Put him down for a brave man who admits to a masculine friend in the presence of his wife that their baby is not the least bit pretty and not even cute.

WEST CANANEA LOOKING WELL.

J. T. Wilkey, one of the heaviest stockholders in the West Cananea property, situated a short distance from the holdings of the Greene-Cananea, arrived in the city last evening from the big camp to attend to some matters of business. He has just returned from Los Angeles, where he spent a couple of weeks on business connected with the company. It is probable that offices will be opened up in the coast city about the middle of the present month, at which time it is expected reorganization will be completed and the new stock certificates sent out. Wilkey will probably remain here a couple of days.

POSTMASTER AT WARREN.

It is expected that H. B. Hanscom will shortly become postmaster at Warren. As soon as the bond can be approved and a few other formalities prescribed by the postoffice department are complied with, it is said Mr. Hanscom will be authorized to open a post office in the town of Warren for the convenience of the citizens of that place.

BETTING WAS VERY HEAVY.
It was learned yesterday that a considerable amount of money had been changed hands among followers of the pugilistic art as a result of the Brit-Nelson fight which ended in a decision for Brit over his erstwhile successful opponent. Although Brit was defeated by Nelson before, the betting was about even owing to the belief that he could stand the Dane off for a 20-round fight, whereas in a go to a finish he would lose sooner or later.

TYPHOID CASES ARE FEW.
Inquiry at the hospitals last night elicited the information that, comparing the situation with other years, the number of typhoid cases now being treated are less than half that were in the wards of the hospital a year ago. On account of the fact that the sewer system has not been installed, as was contended on last summer, this showing is particularly reassuring, and it is the advice of the local medical association contained in the pamphlets mailed to all householders a short time ago is acted upon there is little doubt that the health of the city will show continued improvement. In the Copper Queen hospital at the present time there are eight cases of fever, only one being in any way serious, and at the Calumet & Arizona there are seven, all doing nicely.

GOWLING GOES EAST.
William Gowling, in charge of the reduction department of the Shattuck-Arizona left for Duluth to spend a month's vacation visiting relatives. Before returning to Bisbee he will probably visit the principal points of importance in the middle west. He took with him specimens from the shaft and drift of the Denn-Arizona, where new strikes have been made during the past few days.

TO THE PEOPLE OF BISBEE.
People who appreciate a neat, up-to-date refreshment parlor, where everything in the latest drinks are served and a complete stock of high-grade chocolate and bon bon candies, bulk and highly decorated cartons; also a very complete line of best cigars and tobaccos, together with a select line of fruits, may find same at The Wave, which is to be one of the most thorough, up-to-date resorts of its kind in the southwest and the most attractive place in Bisbee. WALL & COOPER, Proprietors.

HOW "GASEY" CLEANED OUT A MINE SHAFT

"Up Colorado way," said a Douglas professional man who has been the rounds, "once lived a man widely known as 'Gasey' Thompson, who could become involved in more amusing incidents than any person I ever saw. You may have heard the story of how he cleaned out a shaft in one day. It is quite a famous one around the Colorado mines."

"Gasey" took a contract for \$150 to clear a shaft of a deal of water and he laid the proposition before his partner. His partner said he was several kinds of damped as the shaft could not be cleared of the water for that money and make anything at the same time.

"All right," said "Gasey," "if you don't want to help me I'll do the job by myself."

"When night came on he went down to the mine with his plan already in his mind. There he found a small dog he expected to find and he knifed him. He let the blood drop all around the mouth of the shaft and for several feet in all directions he smeared blood over everything. Then he tore up the earth so as it presented every appearance of having been the scene of a terrible struggle. That accomplished, he threw the remains of the dog in the shaft and retired to a nearby point of vantage where he could see what transpired but could not be seen. "Presently a shift came on to work and the first arrivals had no sooner reached the shaft than some one sent up a cry that murder had been committed. There were the blood stains and the evidence of a struggle. There, too, was the shaft down which the murdered man must have been thrown."
